GLADIOLUS
DAHLIAS
CHRYSANTHEMUMS

GLADAMUM GARDENS
Grand View-on-Hudson, N. Y.

Greetings to our Friends:

We wish to submit to you for your consideration our latest catalogue. There are so many good dahlias introduced each year that a line must be drawn somewhere. The varieties selected we think are the best of their color and type and have proven satisfactory wherever grown or exhibited.

The gladiolus we have to offer are conceded the best in their color, not only for exhibition purposes, but also for growing in the garden for home use.

Our chrysanthemums are hardy and are grown outdoors all year around. We send field grown plants with plenty of roots.

To prove to you that we are honest and give a square deal we earnestly solicit your trade. Give us a trial order and we guarantee you will be satisfied.

Wishing you Happiness and Success with your garden, we remain,

Cordially yours,
ANTHONY J. PIETRUSZKIEWICZ, Prop.

GENERAL INFORMATION

OUTSTANDING INTRODUCTIONS FOR 1935

Plants

America's Sweetheart I. D. —An immense flower of pure yellow. Bush is of medium height. Blooms are very full with high centers and were grown to more than 12" across, without forcing	\$12.50
California Idol I. D. —A giant yellow. It grows to 14" or more, has corresponding depth, and yet is an extremely refined flower in every sense. It is a fine grower. It is an early and a free bloomer and an excellent root maker	12.50
Hunt's Velvet Wonder I. D. —The color, a blending of violet-purple and burgundy is unmatched by any dahlias previously offered. Beautiful, immense blooms, up to 15 inches across, on long, sturdy stems, well above foliage that is disease resistant.	7.50
Rockly Moon F. D. —A large flower of exceedingly bright yellow, with bronze tints at the center. It is the most impressive formal decorative to date ...	5.00
Mrs. Geo. Le Boutellier I. D. —The outstanding new red. The flowers come early and are naturally big. The color is a rich, velvety red	5.00
Adirondack Sunset I. D. —The color is a brilliant scarlet red with golden tips, golden blushes on the reverse and a vivid light orange at the base of petals. The center of the flower is tipped golden orange. It has color, form, size and splendid growing habits	5.00
May Robson S. C. —It is a true type flower of a clear, bright pink, about the same shade as Kathleen Norris, but a bit pinker and sharper in tone. Bush healthy and robust	5.00
Queen of Angels S. C. —Oriental pink shading to nearly white tips. The flower is suggestive of a chrysanthemum. The flower is of moderate size and keeps well after being cut	3.75
Watching Pearl I. D. —An immense flower. Color reddish copper	5.00
Watching Prize F. D. —A perfect formal decorative of a buff and salmon shade	5.00
Watching Sensation S. C. —A real sensation. A giant bloom of sulphur yellow. It resembles a huge greenhouse chrysanthemum, only it is larger	5.00
Watching Supreme S. C. —It is the same type and color of Amelia Earhart and we believe it is much better	5.00
